

# CoreLine Tango Floodlight

Fizzle out or *shine on?*

Building on the established Tango reputation, this is the perfect solution for a wide range of area lighting applications and replaces traditional HID floodlights. Incorporating integrated heat sink and driver into one compact and robust housing makes it suitable for a wide range of environments.

## Features and Benefits

- Up to 50% energy savings compared to conventional floodlights.
- Supplied standard with symmetric wide beam optic. Other options and wattages are available to suit most applications.
- 15KV/KA surge protection, non-corrosive die-cast aluminum housing and galvanised bracket make it ideal for harsh environments.

## Application

Area lighting, Industrial areas, Facades and billboards, Parking lots, Ports, Airports
