RAPID DRY JET

HAND DRYER

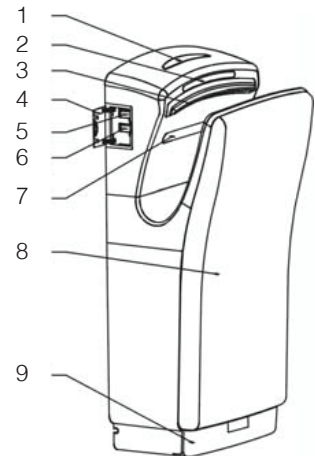

The Rapid Dry Jet is part of the smart hand dryer range by Fantech Trade. These ultra powerful units are equipped with digital circuit controls and advanced infrared auto sensing technology. These hand dryers require minimal maintenance and their robust design delivers long term performance.

- Advanced infrared auto sensing technology.
- Hygienic hands free operation for heavy duty high traffic use.
- Concentrated airflow for rapid drying times.
- Easy to clean stylish casing with ergonomic design.
- Water resistant design for a longer lifespan.
- Unique high-speed motor for low power consumption and high performance.
- Warm or cold air function available.
- Comes with cleaning brush.
- Includes filter bag.

Components

1. Countdown Indicator
2. Sensor
3. Air Outlet
4. Side Window
5. Power Switch
6. Heat Switch
7. Display Screen
8. Front Cover
9. Tray

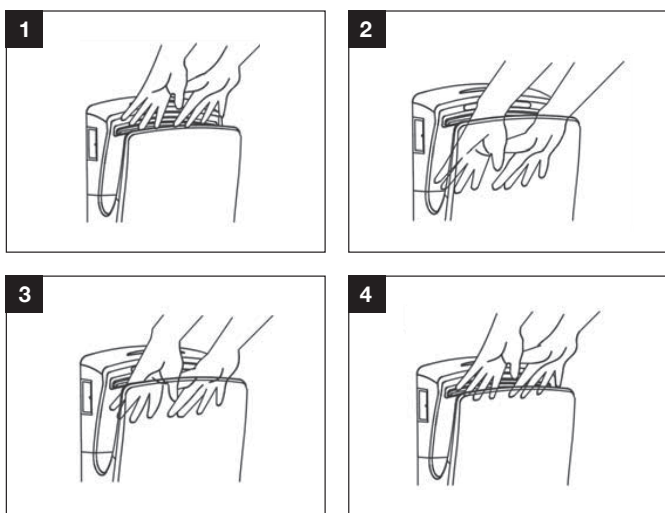

Package

- 1x Rapid Dry Jet hand dryer
- 1x Installation template
- 1x User instructions
- 1x Cleaning brush
- 1x Filter bag
- 1x Installation package:
 - (5x) screws
 - (5x) wall plugs (Ø8mm)

MODEL NO.	RAPJET
IP RATING	IP22
RATED VOLTAGE	240V~
RATED POWER	1400W
FREQUENCY	50Hz

Easy To Use

- No-touch operation.
- Shake excess water from hands.
- Place hands into the slot.
- Move hands up and down.
- Hand dryer stops automatically after hands are removed.

Energy Saving

The Rapid Dry Jet features a unique high-speed motor that has a low overall power consumption, concentrated airflow and a quick drying process. It is smart programmed to cease operation after a standard drying time has been reached to reduce energy consumption.

Safe

This smart hand dryer has multiple safety features that protect the unit against over heating and electrical surges. The user is kept safe and the hand dryer is protected.

Strong

The robust, streamline casing protects the technology within while being easy to maintain and clean.

Ultra Hygienic

The easy to clean design coupled with a filter bag makes the Rapid Dry Jet perfect for areas with strict hygiene requirements. It also comes with a cleaning brush to clean the water tray drain.

Smart

Accurate and reliable air control is a result of a built in smart control microchip and advanced infrared technology. The hygienic hands free operation automatically starts when the sensor is triggered. The unit will stop operation as soon as your hand moves away.

Ergonomic & Stylish

Designed to be aesthetically appealing the Rapid Dry Jet will keep your washroom looking modern. To use the unit, simply place your hand in the slot and move them up and down. Your hands will be dry in seconds.
