

ECO LED Panel Gen 2

The ECO Panel Gen2 is a low profile luminaire, designed as an ideal replacement for traditional fluorescent recessed troffers. The lightweight, energy efficient diffused panel comes with a variety of options and features, suitable for majority of today's commercial lighting applications

- One box solution - 3-in-1 Colour Select or Fixed Colour options available, allowing you to choose the right colour temperature for the application.
- Easy to install - Remote constant current driver with 1.2 meter flex and plug and light-weight design
- Quality opal diffuser - delivering high quality and even light distribution
